

Dear Ms. Michelle Ramirez,

Oct. 7, 2016

As a tenured professor of Sociology and former president of my college's chapter of the AAUP, I am actively concerned with issues of protection and service. Therefore, I am writing to you to express my concern over the environmental health hazard of aspartame poisoning. I do hope that the efforts of corporate lobbyists shall not succeed and that the ban on aspartame will pass.

Thank you for your consideration.

Sincerely,
