Subject: STOP POISONING THE PEOPLE!

Follow Up Flag: Follow up
Flag Status: Flagged

WE support labeling aspartame as a carcinogen, which will be the beginning of the end for the lethal, ruinous, and belligerent corporations that have perpetuated this biomedical mayhem for 3 1/2 decades, since Rumsfeld's coup at the FDA.

STOP POISONING THE PEOPLE!

Swedish Study Compounds Evidence of Diabetes Risk from Aspartame

Besides causing cancer, researchers in Sweden confirmed what we have known for decades. Aspartame can precipitate diabetes, simulates and aggravates diabetic retinopathy and neuropathy, destroys the optic nerve, causes diabetics to go into convulsions and interacts with insulin.

Aspartame the Deadly Poison
