

**CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY  
OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT**

**SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986  
(PROPOSITION 65)**

**Clarification of Notice of Addition of Documents and Information to Rulemaking File,  
OAL FILE Z-01-1019-06  
Amendment to Title 22, California Code of Regulations Section 12805, Specific Regulatory  
Levels: Chemicals Causing Reproductive Toxicity**

**(Proposition 65 Maximum Allowable Dose Level (MADL) for Reproductive Toxicity for  
Di(2-ethylhexyl)phthalate (DEHP) by Intravenous Injection)**

On August 17, 2005, the Office of Environmental Health Hazard Assessment (OEHHA) provided notice that documents and other information which the agency has relied upon in proposing the amendment to Title 22, California Code of Regulations, Section 12805, had been added to the rulemaking file and are available for public inspection and comment. [provide link to previous notice].

That notice identified all relevant documents which had not been previously included in the Rulemaking File OAL FILE Z-01-1019-06, but that had considered by OEHHA in establishing the proposed maximum allowable dose levels (MADLs) for DEHP by the intravenous route. Of these documents, 18 citations for the intravenous MADL were not included in the MADL support document published on June 24, 2005 that laid out the basis for the proposed MADLs: Proposition 65 Maximum Allowable Dose Level (MADL) for Reproductive Toxicity for Di(2-ethylhexyl)phthalate (DEHP) by Intravenous Injection (OEHHA, June 2005). These 18 citations were papers that became available to OEHHA after preparation of the MADL document was completed. OEHHA reviewed these papers as they became available, and determined that no revisions to the MADL document were necessitated by these papers. Thus, these papers are sources of potentially relevant information that was considered by OEHHA but which did not directly contribute to the development of the MADLs and which were not cited in the MADL document.

The documents identified in the Notice of August 17, 2005, are available for inspection at the OEHHA's office located at 1001 "I" Street, 19th Floor, Sacramento, CA from **August 17, 2005 through September 15, 2005**, between the hours of 8:00 a.m. and 5:00 p.m. This notice extends the public comment period to September 15. If you have any comments regarding the documents or other information related to the August 17 notice, OEHHA will accept written comments until September 15, 2005. All written comments must be submitted to OEHHA by mail, fax, courier or hand-delivered, no later than 5:00 p.m. on **September 15, 2005**, and addressed to:

Susan Luong  
Office of Environmental Health Hazard Assessment  
Street Address: 1001 I Street, 19th Floor  
Sacramento, CA 95814  
Mailing Address: P.O. Box 4010  
Sacramento, CA 95812  
Fax No.: (916) 323-8803 Telephone: (916) 445-6900

Comments may also be transmitted via email addressed to: [sluong@oehha.ca.gov](mailto:sluong@oehha.ca.gov). It is requested but not required that written statements or arguments be submitted in triplicate. All written comments received by **September 15, 2005**, which pertain to the above-listed documents and other information will be reviewed and responded to by OEHHA's staff as part of the compilation of the rulemaking file. Inquiries concerning the action described in this notice may be directed to Susan Luong, in writing, at the address given above, or by telephone at (916) 445-6900.
