Re: Second Public Review Draft – Public Health Goals for Perfluorooctanoic Acid and Perfluorooctane Sulfonic Acid in Drinking Water (July 2023)

To Whom It May Concern:

The American Chemistry Council (ACC) respectfully requests an extension of 30 days of the comment deadline for the second public review draft for the Public Health Goals for perfluorooctanoic acid (PFOA) and perfluorooctane sulfonic acid (PFOA). ACC submitted extensive comments on the first public review draft in late 2021 and requests additional time to review how those comments are addressed in the current draft.

Thank you for your prompt attention to this request. Please contact me at 202-249-6727 or [srisotto@americanchemistry.com](mailto:srisotto@americanchemistry.com) if you have any questions.

Sincerely,

***Steve Risotto***
