

CalEnviroScreen 3.0 Workshop

Please join the Office of Environmental Health Hazard Assessment (OEHHA) and CalEPA for a workshop on the release of the CalEnviroScreen Version 3.0 draft. CalEnviroScreen is a mapping tool that helps identify California communities that are most affected by many sources of pollution, and where people are often especially vulnerable to pollution's effects. CalEnviroScreen uses environmental, health, and socioeconomic information to produce scores for every census tract in the state. Come to learn and provide input on this draft update to the tool.

WHEN: Wednesday, September 21, 2016
6:00 PM - 8:00 PM

WHERE: Fruit Ridge Community Collaborative
4625 44th St, Sacramento, CA 95820

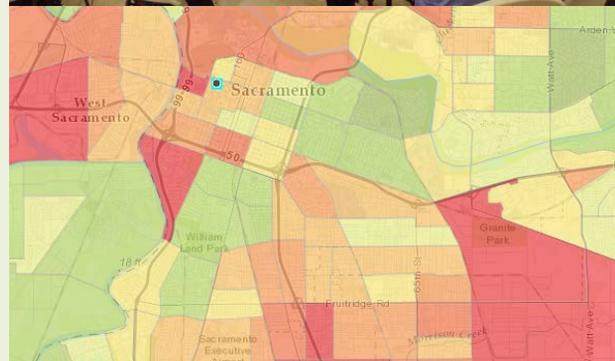

AGENDA: Welcome & Workshop Goals (5 min.)
Dr. Lauren Zeise, OEHHA Acting Director

Introductions & review agenda (15 min.)

Poster presentation: What is CalEnviroScreen? What has changed in Version 3.0? (20 min.)
Dr. John Faust, OEHHA, Branch Chief, Air, Community, and Environmental Research Branch

Breakout Sessions to learn about the tool and provide input (70 min.)

Next Steps and close (10 min.)
Arsenio Mataka, CalEPA Assistant Secretary for Environmental Justice and Tribal Affairs
