§ 25601. Safe Harbor Clear and Reasonable Warnings - Methods and Content.

(a) A warning is “clear and reasonable” within the meaning of Section 25249.6 of the Act if the warning complies with all applicable requirements of this article.

(b) Except as provided in Section 25603(c), a warning meets the requirements of this subarticle if the name of one or more of the listed chemicals in the consumer product or affected area for which the warning is being provided is included in the text of the warning. Where a warning is being provided for more than one endpoint (cancer and reproductive toxicity) the warning must include the name of one or more chemicals for each endpoint, unless the named chemical is listed as known to cause both cancer and reproductive toxicity and has been so identified in the warning.

(c) Consumer product exposure warnings must be prominently displayed on a label, labeling, or sign, and must be displayed with such conspicuousness as compared with other words, statements, designs or devices on the label, labeling, or sign, as to render the warning likely to be seen, read, and understood by an ordinary individual under customary conditions of purchase or use.

(d) Environmental exposure warnings must be provided in a conspicuous manner and under such conditions as to make the warning likely to be seen, read, and understood by an ordinary individual in the course of normal daily activity.
(e) The warning content may contain information that is supplemental to the content required by this subarticle only to the extent that it identifies the source of the exposure or provides information on how to avoid or reduce exposure to the identified chemical or chemicals. Such supplemental information is not a substitute for the warning content required by this subarticle.

(a) Unless otherwise specified in Section 25607.4 et seq, a warning meets the requirements of this subarticle if it complies with the content requirements in Section 25603 and is provided using one or more of the following methods:

(1) A product-specific warning provided on a posted sign, shelf tag, or shelf sign, for the consumer product at each point of display of the product.

(2) A product-specific warning provided via any electronic device or process that automatically provides the warning to the purchaser prior to or during the purchase of the consumer product, without requiring the purchaser to seek out the warning.

(3) A warning on the product label that complies with the content requirements in Section 25603(a).

(4) A short-form warning on the product label that complies with the content requirements in Section 25603(b). The short-form warning may only be used if:

   (A) The total surface area of the product label available for consumer information is 5 1/2 square inches or less, and;

   (B) the package shape or size cannot accommodate the full-length warning described in Section 25603(a), and;

   (C) The entire warning must be printed must be in a type size that complies with Section 25601(c). In no case shall the warning appear in a type size smaller than 6-point type.

(b) For internet purchases, a warning that complies with the content requirements of Section 25603(a) must also be provided by including either the warning or a clearly marked hyperlink using the word “WARNING,” or the words “CA WARNING:” or “CALIFORNIA WARNING:” on the product display page, or by otherwise prominently displaying the warning to the purchaser prior to completing the purchase. If warning is provided using the short-form warning label content pursuant to Section 25602(a)(4), the warning provided on the website may use the same content. If warning is provided using the short-form warning label content pursuant to Section 25602(a)(4), the warning provided on the website may use the same content. For purposes of this subarticle, a
warning is not prominently displayed if the purchaser must search for it in the general content of the website.

(c) For catalog purchases, a warning that complies with the content requirements of Section 25603(a) must also be provided in the catalog in a manner that clearly associates it with the item being purchased. If a short-form warning is being provided on the label pursuant to Section 25602(a)(4), the warning provided in the catalog may use the same content. If a short-form warning is being provided on the label pursuant to Section 25602(a)(4), the warning provided in the catalog may use the same content.

(d) Where a sign or label used to provide a warning includes consumer information about a product in a language other than English, the warning must also be provided in that language in addition to English.

(e) The 2020 amendments to subsections (a)-(c) shall become operative [Office of Administrative Law to insert date that is one year two years after the effective date of amendments]. A warning for a consumer product manufactured prior to [Office of Administrative Law to insert date that is one year two years after the effective date of amendments] is deemed to be clear and reasonable if it complies with the August 2016 revision of this section. Nothing in this subsection prevents a business from providing the amended warning prior to the operative date.

§ 25603. Consumer Product Exposure Warnings - Content.
