

**Children's Environmental Health
New Findings from California Research
April 7, 2016
8:30 am – 4:30 pm**

Cal/EPA building, 1001 I St., Sacramento, CA
Sierra Hearing Room

AGENDA

-
- 8:30 – 8:45 **Welcome and Overview of Symposium**
Lauren Zeise, PhD, Acting Director, OEHHHA
- 8:45 – 9:30 **KEYNOTE: Little Things Matter; The Impact of Toxic Chemicals on Brain Development**
Presenter: Bruce Lanphear, MD, MPH., Clinical Scientist, BC Children's Hospital and Professor, Simon Fraser University in Vancouver, British Columbia
- 9:30 – 10:05 **Experimental Evidence that Prenatal Exposure to a CA Biomonitoring Flame Retardants Leads to Obesity and Type 2 Diabetes**
Presenter: Michelle La Merrill PhD, MPH, Assistant Professor UC Davis
- 10:05 – 10:25 *Break*
- 10:25 – 11:00 **Does Air Pollution Contribute to Childhood Obesity and Glucose Dysregulation?**

Presenter: John Balmes MD, Professor UCSF and UC Berkley, Director UC Berkeley-UCSF Joint Medical Program
- 11:00 – 11:35 **Environmental Exposures, Immune Dysregulation, and Neurodevelopmental Disorders**
Presenter: Judy Van de Water PhD, Director, Center of Children's Environmental Health, UC Davis
- 11:35 – 11:55 **PANEL – All morning speakers**
Moderator: Melanie Marty, PhD, Acting Deputy Director, Division of Scientific Affairs, OEHHHA
- 11:55 – 1:15 *Lunch*
- 1:15 – 1:50 **Double Jeopardy: Early life exposures to pesticides + social adversity**
Presenter: Brenda Eskenazi PhD, Professor UC Berkley, Director, Center for Environmental Research and Children's Health
- 1:50 - 2:25 **Reducing Latin Girls' exposure to endocrine disrupting chemicals in cosmetics: The Hermosa Study**
Presenter: Kim Harley PhD, Associate Director of the Center for Environmental Research and Children's Health, UC Berkley

- 2:25-3:00 **New Findings from the Center for Integrative Research on Childhood Leukemia and the Environment**
Presenter: Catherine Metayer MD, PhD, Director, Center for Integrative Research on Childhood Leukemia and the Environment
- 3:00 – 3:15 *Break*
- 3:15 – 3:50 **Progress in using mice to model environmental influences in pediatric leukemia**
Presenter: Scott Kogin MD, Professor, UCSF
- 3:50 – 4:20 **PANEL – All afternoon speakers**
Moderator: Mark Miller, MD, MPH, Director, Children’s Environmental Health Program, OEHHA
- 4:20 – 4:30 **Wrap up and Adjourn**
