Fran Kammerer
Office of Environmental Health Hazard Assessment
1001 I Street
Sacramento, California 95814

Dear Ms. Kammerer:

I am writing to express my support of the proposed regulations regarding the hazard traits and environmental and toxicological end-points and other relevant data for inclusion in the Toxics Information Clearinghouse, pursuant to Senate Bill 509 (Simitian), Chapter 560, Statutes of 2008.

By assembling a broad and far-reaching set of hazard traits these regulations provide a comprehensive lens through which to view chemicals and their potential effects. Further, by establishing updated, flexible data to be considered for each hazard trait, these regulations greatly promote the science-based intent of green chemistry.

I would like to commend the work of the staff of the Office of Environmental Health Hazard Assessment for putting together this important component of the green chemistry initiative.

Sincerely,

A handwritten signature in black ink that reads "Mike Feuer".
