The [Synthetic Turf Scientific Advisory Panel](#) is a group of expert scientists that the Office of Environmental Health Hazard Assessment (OEHHA) has convened to provide scientific advice on its [Synthetic Turf Study](#). The Panel advises OEHHA on study plans, data interpretation, and reporting of study results. The goal of the study is to assess the

potential health impact associated with the use of synthetic turf and playground mats made of crumb rubber.

The meeting is open to the public and will be webcast at <https://video.calepa.ca.gov>. There will be a public comment period during the meeting.
