

Cal.Food & Agric.Code § 13126 -

No new active pesticide ingredient shall be conditionally registered or licensed when any of the mandatory health effects studies, as defined in subdivision (c) of Section 13123, is missing, incomplete, or of questionable validity unless the registration is based on previous consultation with the Director of Environmental Health Hazard Assessment and the Director of Industrial Relations.

(Added by Stats.1984, c. 669, § 1. Amended by Gov.Reorg.Plan No. 1 of 1991, § 51, eff. July 17, 1991.)

Current as of January 18, 2019
