

EXTENSION OF PUBLIC COMMENT PERIOD FOR PROPOSED PUBLIC HEALTH GOAL FOR 1,4-DIOXANE IN DRINKING WATER

October 14, 2025

The Office of Environmental Health Hazard Assessment (OEHHA) of the California Environmental Protection Agency is extending the public comment period on the draft technical support document for the proposed Public Health Goal (PHG) for 1,4-dioxane in drinking water. The comment period will now close on November 25, 2025. This extends by 15 days the public comment period that was initiated on September 26, 2025 and originally intended to close on November 10, 2025.

OEHHA is extending the public comment period at the request of the American Chemistry Council.

As previously announced, OEHHA is holding a hybrid public workshop on the draft document on November 13, 2025, from 9:00 a.m. to 12:00 p.m. or until business is concluded, whichever occurs first. [Workshop registration link and workshop information.](#)

Comments must be submitted by November 25, 2025. The public is encouraged to submit written comments via OEHHA's website, rather than in paper form. [Comments may be submitted electronically.](#)

Comments may be submitted in paper form by mail or delivered in person to the address below:
