

PRE-REGULATORY DRAFT-FOR DISCUSSION PURPOSES ONLY

Title 27, California Code of Regulations
ARTICLE 8. No Observable Effect Levels

§ 25805. Specific Regulatory Levels: Chemicals Causing Reproductive Toxicity

(a) Exposure to a chemical at a level which does not exceed the level set forth in subsection (b) has no observable effect assuming exposure at one thousand (1,000) times that level.

(b) Maximum allowable dose levels are provided in this section.

(1) The exposure levels set forth below represent the total exposure which a person in the course of doing business may knowingly and intentionally cause to any individual on any single day and be exempt from the warning requirement pursuant to Health and Safety Code section 25249.10.

Chemical Name	Level (micrograms/day)
Acrylamide	140
...	
Hydrogen cyanide	10 (oral)
Lead	0.5
Linuron	460
...	
Toluene	7000

(2) The exposure levels set forth below represent the exposures which a person in the course of doing business may knowingly and intentionally cause to any individual and be exempt from the warning requirement pursuant to Health and Safety Code section 25249.10.

The maximum allowable dose levels for lead are as follows:

0.2 micrograms every day, or
0.3 micrograms one day in every 2 days, or
0.5 micrograms one day in every 3 days, or
0.7 micrograms one day in every 4 days, or
0.8 micrograms one day in every 5 days, or
1 microgram one day in every 6 to 9 days, or
2 micrograms one day in every 10 to 17 days, or
3 micrograms one day in every 18 to 26 days, or
4 micrograms one day in every 27 to 38 days, or
5 micrograms one day in every 39 to 54 days, or
6 micrograms one day in every 55 to 76 days, or
7 micrograms one day in every 77 to 115 days, or
8 micrograms one day in every 116 or more days

(c) Unless a specific level is otherwise provided in this section, an assessment by an agency of the state or federal government that is the substantial equivalent of the assessment described in subsection (a) of Section 25803, and establishes a maximum allowable dose level in the manner provided in paragraph (b)(1) of Section 25801, shall constitute the allowable dose level having no observable effect within the meaning of Section 25249.10(c) of the Act.
