**RE: Public Comment on 15-Day Notice of Modifications Proposed Rulemaking: Title 27 California Code of Regulations, Section 25705 No Significant Risk Level for Diethanolamine dated June 10, 2026**

On behalf of the Independent Beauty Association and its members, I am writing to formally request an extension of the 15-day public comment period for the Office of Environmental Health Hazard Assessment (OEHHA)'s proposed modification and addition of documents to the rulemaking: Proposition 65 No Significant Risk Level (NSRL) a dermal NSRL for diethanolamine (DEA).

The current deadline for comments is June 25, 2026. IBA respectfully requests a 30-day extension. We also support the request made by the Personal Care Products Council that the comments be due Monday, July 27<sup>th</sup> to account for July 25<sup>th</sup> falling on a Saturday.

Respectfully submitted,

Meredith Petillo  
Vice President Technical & Regulatory Affairs
